SKILLS

Java | **Spring Boot** | **DropWizard** | **PostgreSQL** | **Microservice** | **Hibernate** | **Tomcat** | **Gradle** | **Apache Kafka** | **Git** | **MySQL** | **CI/CD Pipeline** | **Jenkins** | **JIRA** | **MongoDB** | **Docker** | **Kubernetes** | **AWS** *— EC-2, S3, SQS*

WORK EXPERIENCE

Software Engineer, WebEngage 11/2023 – 08/2025
Bengaluru, India

- Developed and implemented global client web solutions using **Java** and **Spring Boot**, ensuring **high performance** and **scalability**.
- Handled **PagerDuty** calls **2x per month**, leveraging expertise in **REST APIs** and **microservices** to ensure timely incident resolution and **24/7 system reliability.**
  - **RCS-Channel :**
    - Developed and managed **RCS-Channel microservices**, ensuring **functionality** and **integration** with service provider systems.
    - Optimized features to ensure seamless integration and performance.
  - **UTM Parameters :**
    - Configured global and campaign-level **UTM parameters** for dynamic link tracking in messages, buttons, and other fields.
    - **Automated** UTM addition to links, ensuring **accurate tracking**.

Software Engineer, Kristal.ai (1 year 8 months) 01/2022 – 09/2023
Bengaluru, India

- Worked on microservices project, ensuring seamless development and deployment.
- Demonstrated exceptional troubleshooting, error-free software ecosystem.
  - **Report Generation and Distribution :**
    - Spearheaded the **development** of report generation system, reducing manual **effort by 80%,** enhancing data accessibility **for clients and staff.**
    - Enhanced **data security** by storing reports on **AWS S3** with **encryption and password** protection.
    - Developed a dynamic **reporting dashboard**, delivering reports to **2000+ clients**, leveraging **Java**, **JDBC**, **PostgreSQL**, and **cron jobs** for automated data handling.

Trainee, Micro Information Pvt. Lmt. (3 months) 05/2021 – 07/2021
Surat, India

- Developed **ReactJS** web applications, implemented robust **token-based logins** via **Google** and **LinkedIn** to enhance **data security** and user confidence.

- Secure Authentication System :

- Users can register with their **email addresses** and **securely log in** using their credentials.
- **Passwords are hashed** and stored securely in the database.

EDUCATION

M.Sc. (Information & Technology),
Dhirubhai Ambani Institute of Information and Communication Technology 2020 – 2022
Gandhinagar, India

B.Sc. (Information & Technology), Veer Narmad South Gujarat University 2017 – 2020
Surat, India

CERTIFICATES

- Spring Boot Developer
- Java For Programmer
